DESCRIPTION

- Total Body Workout :** Users can go from stride to long stride, walking to running, climbing to lunging, allowing them to target different muscle groups. Pushing and pulling the moving handlebars will engage the upper body, resulting in a total body workout.
- Handle bar grip :** Three distinct positions on the moving handle bar provide comfortable for nearly every user.
- Accessories Shelf :** The large drink and accessories shelf is conveniently located with easy access while working out.
- Caloric Burn :** Our machine delivers a higher level of caloric burn while giving user a lower level of exertion. So they can go longer and harder-and get better results.
- Curve :** Support tubes curve out for easy access.
- Handholds :** Handholds allows secure mounting and different usage models are equipped with belt guards for safety.
- Pedals :** Big-sized pedals and toe caps for greater range and no pinching.
- Grips :** Rodeo grips provides stability when focusing on a lower body workout. The rodeo grip has a heart rate sensor built-in that provides monitoring and a stable, comfortable position when focusing on the lower body.
- Right-Left Grips :** New right and left grips with 3 distinct positions accommodate smaller hands.
- Stride :** Longer stride, the new machine increases from 28: (71cm) to a 38(97cm) stride length to accommodate runners and taller users.
- Center Cover :** New center cover protects frame from liquids and adds a finished look. Large step-up removable platform is easy to position and move.

ELECTRONICS

- Touch Screen :** Bright, engaging graphics and a simple, intuitive screen brings an inviting environment from first trial.
